Issue 900

Date: February 1, 2018

Time 2.30 pm

It's a perfect day again to open the Omega Communications Portal and welcome you into this space with me. Are you ready to spend this time with me and the other ones who gather with you, in the Station of Light and with the Beings from other dimensions who observe and who assist each and every one of us?

Together as we assemble, we create a beautiful, complex, geometric shape just by being together and realising the presence of you helps create that vast Earth Light City, that is, the conscious presence of you, as you knowingly gather to absorb the energy and to take in all of the information that is contained within the energy.

So, it is not all about the Beings telling us what to expect and what to do and what is going to happen, but rather, instead, it is helping you to expand into a state of consciousness where you know the next step to take and you know how to take the steps to engage yourself in the flow of light. So, I leave this introduction now that you are fully attentive to what is coming around you in this space.

“Welcome indeed into this space Dear Ones. This is Ulea initially bringing you forward into this space, working with you, adjusting the levels of activity that are visible in your energy state here.

Many of you have gone through a particular cycle since we last gathered and worked together to work consciously to release all of the judgements and past experiences and to turn yourself into the position where you acknowledge the fast changing state of consciousness on Earth as it is today and you also acknowledge how the energy is working in the natural processes that create the planet and the environment around the planet.

You may also have been working to adjust your own frequency so that you are not disturbed by some of the emotional and created patterns through different Beings who are working with those to manipulate some of the reactive processes within mankind and you have taken in the energy to deflect some of those, to rise above them and also to clear them out from you and this has been the instruction that you have been receiving over many transmissions in how to do that - how to process the energy and pass it out through you as if you wash it away - as if you stand under a cleansing shower of water to cleanse yourself of all that vibration, and then attuning yourself higher to your Point of Origin and universal creation Source Energy also facilitates that.

It also facilitates you bringing yourself into the next phase and this is what we are working with now, as you have considered many of the things that are happening around the planet and you have also been communicating with members of the Council of Light whom you have encountered in this Station and you have also been working with many other groups of Beings who have come from greater dimensions to work with you.

At this time we bring your attention into the aspect of yourself that has already evolved to exist in the Earth Light City.

Connecting consciously into that state draws you forward, which you will be experiencing as this is presented to you. You will be experiencing sensations. Allow all of those to work through you.

There is the aspect here where you are beyond time, which allows you to absorb all of the flows of energy and it creates a cycle, as you would term a revolution - just as the Earth movement is a revolution as it revolves around the sun, or as it spins in your process of measuring a day - 24 hours cycle. So, in this time you are moving through many revolutions and so the cycle of evolution is increased, without you needing to physically experience it in physical Earth time.

The relevancy of this and the impact of it on your physicality will reveal itself to you over time when you will realise that matters you have been working on have been resolved and little discomforts perhaps in the body have disappeared. This is confirmation to you that there has been an increase in the activation of the cells and the repair modalities within your body.

Each time you engage in this higher level of receptivity, you are more able to communicate freely with the Beings for what is required for you individually. It may be information for a project you are involved in, or it may be information relating to the concept of plans on Earth, it may be many things. The one that is appropriate for you, you will draw the energy in and will understand it more.

In speaking to you in this way, I also am drawing you beyond the receiving station here in that element of receptivity and initial greeting and you are moving into a group gathering at this time within an aspect of the Earth Light City. This may appear to you as being a beautiful garden space of trees and creatures. All are tuned into an energy which you resonate with, so the appearance will be that all of you are standing in silence, and yet you know you are receiving messages and information necessary to you.

This is a way that we are able to reach the population around you who are willing to listen and to understand and accept the sense that there is more unfolding around you and the sense of this also is giving you support, nourishment, guiding you.

By realising that the higher aspect of yourself is already participating in this process of upliftment into the Earth Light City, you are helping you as you go through your daily activities currently and there is a merging of both aspects of you.

At times you may feel you are being called upon to move forward in your energy sense and state. That does not take you out of alignment with the energy, it adjusts you to the energy that is coming in and that is the appropriate movement through the elements of constructed time into energy space. This short session is all about this adjustment for you now.

Bring this into you throughout all of the experiences that you have in your physical form and to allow this to be felt intensely by you and in the current physical reality, I bring you back into the receiving area of the Station.

The adjustments of the energy here also impact upon the core energy essence of you and it is through that core energy essence that the energy pattern of construction of the physicality is assisted and helped.

You will also realise that accompanying that assistance and adjustment is the release from you of the deeper elements relating to your life experience on Earth and these are all of those reactions that you have mentally and emotionally. In feeling the strength of the energy in your core essence, all of that is dissolved in this moment. This again is a way that you are helping yourself.

In delivering you into this, then this is what is required to help you in the next phase and so I am permitted to withdraw at this time, because you have received all that is appropriate now.

I withdraw now, Dear One, leaving you and acknowledging you as an Energy Being in this Earth Light City

Ulea out “

Thank you Ulea. Lani speaking to you again. That was interesting and powerful. I, myself, experienced being in the Earth Light City, full of the bush, the trees that were surrounding us, it was a different light coming through the trees in the clearing and the space there and I experienced it as like a different world. A different worldly light and manifestation.

Now, as Ulea instructed you, bring all of this back into the core energy essence of you - the central part of your Beingness and bring all of this back now into your physical body form and allow that to flow to every cell of your body, into the energy matrix of you.

I feel that many of you have been feeling odd sensations around your head and perhaps sensing out of balance and bumping into things. The energy you have been taking in today will be sorting that out.

Again, it has been a pleasure to bring this to you today and to bring you into this state today, but I now ask you to be fully present in your body, in your life, enjoying every moment and so I close the Omega Portal for this transmission, and we have something to work with again until the next gathering.

Thank you

Lani
