“Those of you who are connected in this way will have been feeling the specific energy touching you, embracing you.

This is an energy which will be activated and will activate more of your energy DNA and thus every cell in your body will have been receiving the input.

The energy which you are receiving comes in the way of coded frequency and this resonates very deeply with the energy pattern that you brought into this lifetime for you and you are aware that you also brought in at other dimensional gateway periods, energy devices. So, these energy devices are also very active and are resonating with the energy field that you are absorbing in this energy time, in this dimensional opening and opportunity for you all.

It is not all about changing circumstances which you view around you. It is the intention and focus you have to absorb the higher energy pattern deeply into you and then, in turn, you are resonating with what is held in the energy devices within the Earth and this in turn resonates with the overlaying energy matrix field, high above the surface of the planet, high above your satellites, high above where the Earth's moon is in its orbit. This energy field matrix extends beyond that and the energy which you are receiving is also being received in that energy field matrix.

You are one with this. Your particular, personal, individual field matrix is part of that greater aspect. Do you realise this? Do you sense this? Do you also sense that the energy field matrix we are speaking about is held in place, is activated and is energised by the presence of Galactic Beings?

This particular portal you are receiving energy through is important in the overall transformation of this particular planet and that in turn is restoring it and uplifting it to the type of energetic planet form it was intended to be as part of the evolution of this part of the galaxy.

You see, you are taking part in a very important energy work in this time.

You may be experiencing this shifting energy pattern within you, because indeed it is touching your energy DNA and in that way, it is also touching the physical, emotional, mental aspects of you.

It is greater than that referred to, because you see things in the dimensional field you are involved in, but the effect is apparent in other dimensional fields where you already are existing.

Allow yourself to embrace this energy shift.

You will be experiencing that in your own form, as if some shutters have been opened and you have let in more light into your personal space. This is what it is about. It is not about changing or fighting or doing anything about what is the appearance of the happenings around planet Earth and people. It is about your personal, individual transformation as you step into the higher energy field - or that higher energy dimension. This you have done. Do you realise that?

Lani speaking.

I was called to be in the Station of Light during this time when there are many people around the world tuning in, and they have been tuning in for more than 24 hours to reach this point. As Orem and the Council of Light have always said, they will assist us.

The gateway - the portal - the dimensional gateway mentioned has been enveloping you all, regardless of what time-zone you are in and what location, you have all been receiving energy coming through the dimensional gateway.

You will be sensing a different harmonic frequency pattern within you and around you. As you do that, you realise you are resonating with a different frequency pattern.

And thus it is. This is you. This is the intention of your conscious connection.

You will realise this within you. You will come to realise there have been changes in the civilisation structure as more and more will emerge and unfold to you. Maintain your conscious connection to this greater galactic dimensional field of consciousness.

This was our message to you today, Beloved

Orem out “

“Lani speaking again.

I felt we were transported into a greater field, surrounded by the support of an amazing gathering of - I call them Light Beings - because then we don't limit them to any dimensional plane. They just are Beings of a greater consciousness, enveloping us all

Thank you for reading to this

Lani
