### Excitement. Why are you Here?

Hello, Lani with you again. Have you been looking forward to having another inner journey, receiving insights, boosting your energy in some way?

As always, relax your body, open your mind to be curious and settle into your life essence of you and move directly with me, as a group, gathered in the Station of Light, into a space of receiving.

Having an optimistic outlook and view that you will be receiving some beneficial information, this is the way we start the session today.

“We welcome you again into the deliverance of the energy field and frequency. We simply are named the collective consciousness state which embraces the quantumness of creation.

We have come through without using a name label. We come through as a representation of the consciousness of the entire galactic and quasmic field. You are of this field. This is why you move into relationship with the quasmic field of information, or patterns, of frequency, of life and enlivenment.

You respond to the refreshment given to you when you move beyond the energy field that you exist in which is of course a close layer all around the consciousness field and within it. It is part of your constitution and yet the area that we address and we focus upon for you is always the opening of consciousness to this state within the quasmic collective field.

This is where you orient yourself and this is where balancing occurs and the optimization of the facilities and the natural processes of you. When you carry this forward into an expanded viewpoint, if you are accessing, and when you are accessing this quasmic field, you are clearing away distortions, you are receiving a higher energy frequency that naturally does that and of course this is what you are presently doing and what the Earth Station – the planetary station that it is – is also receiving and participating in. There is a sorting out as the planetary system adjusts to different frequencies and a shift in the conscious state of the planet itself.

You respond to these shifts. You become aware of the likelihood of certain events occurring in relationship to the natural construct of the planetoid itself. We are not talking about the influence of manmade devices or thought power that create disturbances. We are speaking about the collective as you are, a quasmic being, who focus on a higher state of realization, realizing and bringing into materialization of the higher frequency pattern, for the betterment of all. The increased frequency vibration.

In other dimensions this has already happened. It is always and already present within your consciousness field.

This is the **excitement** that initially you brought in as you entered the current lifeform you have, the excitement of bringing the energy field up into the dimension of love and light and community and the freedom where other visitors to the planetary system would come to become enlightened and enlivened and could then progress into other states of civilization existences dimensional fields.

The way that you brought in your soul presence and essence and the information frequency pattern was to continue as well as initiating the reconnection with some of the fractured fields that had emerged and evolved around this planet.

You were **excited at venturing** into the planet at a state where it was coming alive again, coming back into resonance with the original intention of creation.

Part of your purpose of bringing yourself into the quasmic frequency field, as you are here, was the anticipation, the knowingness, that you are bringing your energy system, your vehicle in every respect, into the higher frequency, the perfect design again and the processes involved in that pure design.

It means there is **optimal functioning** of you, the soul essence of you, the quantumness of you and the optimal functioning of all the processes involved in sustaining the physical body.

You may be aware that currently and recently there has been an increased need, or a need validated to you, that there was a need to clear away compromised patterns which lower the vitality of the entire energy field that you are and you, the essence of you in this relationship we are speaking about, encompassing the life pattern of the physical vehicle.

You are assisting the you that you might think of yourself as a physical person with a name and a life pattern – it is all encompassed by the overlaying energy field, the quasmic matrix field of consciousness – of your evolved consciousness.

We are bringing you further into alignment and resonating completely with that pureness of the pure design.

This expands the sense and perception that you have of the consciousness that you are – the consciousness embracing all that is known by you in your deep essential quasmic knowingness and it also embraces what you learn that science or other ones are presenting to you. When you are working from your expanded field, your enlightened field, your quasmic consciousness field, you become very clear and you see very clearly where people are functioning from, where they base their information upon and how it is that they can gather gatherings of people around them to follow a certain line of thought that is not truly aligned with the original creative design. You are constantly bringing yourself back into the correct alignment with that complete quasmic intelligent design system.

It is the design system for you incorporating your quantum essence and incorporating everything to do with the conscious mind and life and ego and personality. You see, this is a complete system that from your point of origin you brought in to envelop the formation of the body form.

Realizing this clears away disturbances you might have picked up from ancestors or the civilization. They are not yours to present into this higher frequency of the dimension that you are moving into. You see, it is a reflection of your thoughts, the potential and what you are reflecting out must come from your conscious attunement to the quasmic intelligent system, moving into more quasmic intelligent design that is natural. It exists in the overall design pattern – the intelligence of it.

You may become aware of communication personally, individually for you. That is the way it has been and always is as you as an individual gathering the information to you and then you have the opportunity to connect with the similar frequency of the intelligent system. That might be in an entirely different quasmic galactic field.

This is where you are currently as you receive this information and this is how you are expanding your dimensional field, the consciousness of you. You will feel it, experience it so this is the **excitement** that initially you, the true essence of you, felt at coming in to enliven and awaken a new body form and a new type of civilization. **This is why you are presently existing** where you are.

This is what you called forth to receive in this deliverance. This surrounds you. This is you.

This was the presentation to you. We withdraw now.”

Lani speaking again and they withdrew to allow me to come forward again to speak to you as another person here on the planet and to help you identify yourself again around and within your physicality.

This has brought through a different perspective of you being present.

Realise this now as you breathe yourself back into the body, feeling the body relaxed but perhaps more alive than before you took part in this session. So, enjoy the experience of your life and create joyful experiences in accordance with the prime quasmic intelligent design.

Thank you.

This ends this session through the Omega Communications Portal.
